### Registration Process

#### Outside of School Sports

- Registrations open at different times of the year, depending on when the sport/code commences.

Before registrations open for a Year 7-8 Pinehurst School Sport, we will:

- Email all parents and caregivers an information sheet with details about the sport (including registration fees/equipment required/days, times, and location of games and/or trainings etc).
- Within this information sheet, there will be a link to the school website to complete your child's registration.
- We will give out a day/time that the registrations will open for each sport.

Important Information:

- Some sports may have a limited number of registrations available. Therefore, entries will be accepted on a first-in-first serve basis. Once the maximum number of entries has been reached, you can register your child on the waitlist. If a space becomes available due to injury or illness, then we will notify the successful candidate on the waitlist.
- Most sports will have closing dates for registrations.
- Some sports will require a minimum number of registrations to go ahead.
- Acceptance of late registrations is at the discretion of the Sports Department, pending team/player numbers and league regulations.
